HOW DOES IT WORK

Email me your choice of photo day or days (depending on size of program).

You can choose weekend or weekdays.

Practice days tend to work best. Scheduling 1 or 2 hours PRIOR to practice time.

Once date is confirmed, I will send you a link to the order form.

Please email this link to your athletes and families at least a week prior to photo day.

Email me your programs logo(s), as large as possible to dancingpickle@aol.com. Png or Tif files work best.

I will create a custom background for your team and individual photos.

I will contact you when your date gets closer to confirm again. Feel free to contact me anytime with questions!
